Osteopathy.

Dr. A. C. Foster, a graduate of the Southern School of Osteopathy, is now located in Columbia for the practice of his profession. Osteopathy is comparatively new in this part of the State, but having been practiced in other parts of the United States for more than twenty years, I judge most every one has heard of its wonderful success with cases that heretofore have been incurable by other systems of healing. Osteopathy treats most all forms of chronic cases known to be curable, and some that were thought to be incurable before the days of Osteopathy. It has attained the most enviable reputation in the treatment of fevers, most especially typhoid. Osteopathy bears no relation whatever to Christian Science, Magnetic healing or faith cure, but is scientific, being based upon thorough knowledge of the principles of anatomy and physiology.

Those who are suffering with diseases from which they can get no relief by the use of drugs, would do well to investigate the possibilities of Osteopathy in the cure of disease.

Hogs and Corn.

The shortage of the corn crop in the drought section is likely to interfere with the plans and profits of the hog raiser. While in the past years we have been long on corn and short on hogs, this year we are likely to be short on corn and long on hogs. What must be done under the circumstances must be decided by each individual in the light of the conditions existing on his own farm. We urge farmers not to become panicky, nor to sacrifice hogs if they are sure that this sacrifice is necessary. Hogs are high now and the drought, by decreasing the amount of feed, and in many sections forcing immature hogs on the market, will maintain high prices for a year or two. We hear of buyers who are willing to contract hogs for January 1 at 6 cents a pound at the station. This may be taken as their judgment of the price that hogs will bring. If the great strike now in progress should continue for several months, so that laboring men will not have the means to buy pork to eat, it would have the effect of decreasing the price, but in view of the high prices that have prevailed for the past year it will require some very serious disaster in the commercial world to reduce the demand and the price.

In the drought-stricken sections wheat and rye at current prices are likely to be about as cheap as corn for hogs up to within the last six weeks or two months of feeding. During this latter period there is no feed on the farm as cheap as corn at the price and corn should be fed unhesitatingly to hogs in the finishing stages. The farmer need have no hesitation in feeding fifty-cent corn to hogs for which he can expect 6 cents a pound when fattened. They have been grown to some extent on grass, and he is as likely to make as much money feeding 50-cent corn to 6-cent hogs, as feeding 25-cent corn to 4-cent hogs. Where farmers are growing sorghum they can save a good deal of money by feeding it freely to hogs in connection with screenings or cheap wheat or rye.

Farmers should not by any means sacrifice their best brood sows. Each individual can very safely conclude that a large sacrifice will be made and that good brood sows will bring large money next spring if sold, and large profits if bred judiciously and kept over another year. The serious one, but it is not nearly so serious as many that all our readers have seen. The bright feature of it is the assured high price of hogs and the probability that this year there will be much less cholera this year than in the years past. A short corn crop usually means a small amount of cholera in the hog sections.—Wallace's Farmer.

Stood Death Of.

E. B. Munday, a lawyer of Henrietta Tex., once fooled a grave-digger. He said: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy cures malaria, kills disease germs and purifies the blood; aids digestion, regulates the liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints, gives perfect health. Only 50c at E. Paul's drugstore.

Durbin Investigating.

Indianapolis, Ind., Oct. 6.—Among the letters that Gov. Durbin has received from persons protesting against the extradition of W. S. Taylor and Chas. Finley, of Kentucky, are a number which charge that the refugees could not get a fair trial because the system under which juries are impaneled in Kentucky enables the parties to select a jury prejudiced in favor of or against the defendant as may be desired. It is charged that while the law on the face is fair it is unfair in practice and that Taylor and Finley, no matter how innocent of the crime with which they are charged, would certainly be convicted.

The representations have so impressed the Governor, he has sent an agent to Kentucky to investigate the methods of drawing and impaneling juries in that State, and has charged him to make the investigation thorough and report the facts fully as he finds them. The Governor's agent will keep his mission secret, and only the persons he consults in Kentucky will know what the investigations are for. It is said that the Governor's agent is a lawyer and well equipped for the mission he has undertaken to perform.

Gov. Durbin may send Merrill Moore, Deputy Attorney General of Indiana, to make the investigation. That it will be Mr. Moore's is a surprise, but the information comes from a reliable source. It is said prominent Republicans will meet the man sent and afford him every facility for learning the truth about the jury system.

Gov. Durbin, it is said, believes that if the bi-partisan method of selecting juries in Indiana was in vogue in Kentucky there would be less hesitancy in sending Taylor and Finley back for trial.

Punish for Treachery.

President Roosevelt's determination to impose a swift and stern retribution on the Filipino insurgents in the island of Samar who recently massacred almost an entire company of the Ninth regular Infantry is justified by the tragic facts in the case.

Surprising the American troops was accomplished purely by treachery. The condition of war did not exist in Samar. There was no enemy to be guarded against. Our soldiers were occupying the territory while the American civil government was being established. The natives had professed friendship for them and content with American rule. It is reasonably certain that the "amigos" thus professing friendship on any day were the "insurgents" who massacred the Americans the next.

It is imperative that an example be made of these Samar murderers. If this is not done, and thoroughly done, the fate which overtook Company C of the Ninth regulars, one of the best regiments in our service, will surely overtake other American soldiers in the Philippines. As it is, every malcontent in the Philippines is gloating over the great Filipino "victory" against American arms. They will be tremendously encouraged by the bloody fate of the Samar tribe. They must be promptly discouraged by the punishment inflicted upon that tribe.

It is announced from Washington that Gen. Chaffee will be instructed to begin a strenuous campaign in Samar. It is likely that Chaffee will do his full duty in the premises. Considerations of justice, as well as a proper regard for the prestige of American arms, demand this performance of duty. The American people will applaud the performance.

Came Near Dying.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I would surely die, and tried a dozen different medicines with no success. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely. I went to sleep and did not awake for eight hours. On awakening a few hours ago I felt so gratified that the first work I do on going to the office is to write to the manufacturers of this remedy and offer them my grateful thanks and say, 'God bless you and the splendid medicine you make.' This remedy is for sale by M. Craven.

Quarterly meeting of the M. E. Church South will be held at Cave Valley the 19th and 20th of this month.

A Christmas Tragedy.

A reader of the Courier-Journal sends the following from the Courier-Journal about twenty years ago. Age has not spoiled the fine flavor of the story.
"Upon this county, once upon a time, a Christmas frolic ended in a tragedy," says the Richmond Register. Old Mrs. Pilgott was a witness. "Tell us about the fight," said the lawyer. "I never seed no fight," replied the old lady. "Well then, tell us what you did see," remarked the lawyer in a careless sort of way, thinking she knew nothing. Mrs. Pilgott moved her unbonneted head, lit her pipe and proceeded. "Oy Sewell, he give a Christmas dance, and me and a whole lot of others was ther. The boys and gals got to dancing, and as the boys went dancin' round and round they got to slappin' each other, an' finally one boy he slapped another boy too hard—harder than he 'toud to an' knocked him down. An' the boy what got knocked down he jumped up an' jerked out a great big knife, 'bout long as your arm, an' whacked the fellow that knocked him down right across the middle, from side to side. An' then the brother of the fellow what got cut he pulled a British bulldog 'bout the size of a ham an' he let go his right squar at the fellow that had the knife, an' 'jes' then Bill Smiley—Bill's a cousin of Jake Haynes what got shot—come runnin' out of old man Sewell's room with a double-barrel shotgun, an' let off both barrels into the crowd; an' old man Sewell, he got excited and jerked a Winchester rifle out from under the bed an' went to pump 'lead into the gang; an' by 'bout the time the house was full o' smoke, an' 'flashin' an' 'holerin', an' I seed that was 'goin' to be a fight, an' I left the house."—Courier Journal.

The Ideal Master.

The Grand Master of Utah has this to say about the authority and desirable qualifications of a Worshipful Master:

"The ancient regulations have been bestowed upon the Master of a lodge the power of a king, and if he uses the power intelligently and zealously, the lodge and the craft, if general will be benefited by it. In my opinion the brother who occupies the oriental chair should be able to confer the degrees of Ancient Craft Masonry correctly, according to the standard adopted by the Grand Lodge; but he should also be versed in Masonic history, and capable of explaining to the brethren the meaning of the various symbols connected with those degrees. He should be familiar with the by-laws of his lodge, the laws of the Grand Lodge, and the general regulations of Masonry; and when presiding should enforce them.

"When the lodge is at large he should insist that dignity and decorum be observed, and should not permit hilarity heated discussions, or any debates by which the peace and harmony of the lodge might be destroyed. He should reconcile brethren among whom contentions exist. He should be firm in his rulings, not hasty and overbearing, but courteous. He should welcome visitors, and extend to them the warm hand of a brother Mason. He should always bear in mind that Masonry is labor, and that no Mason can attain any distinction among the Craft unless he is a faithful laborer and Masonic student. He should be prompt in attendance, and insist upon a like promptitude on the part of his fellow officers and all the brethren.

"The distressed and needy of his lodge should never apply to him in vain; his heart should always be warm, and he should ever bear in mind that 'the greatest of all is charity.' But above all he should be himself a perfect gentleman, moral, true and upright; in his daily walks of life he should be without reproach, and should ever depend himself so that his brethren can point to him with pride, and that his fellow-citizens must honor and respect him. A brother with these qualifications will be an ideal Master, revered. Have you found such a Master? If you have, re-select him again and again, and as often as he is willing to serve your lodge in the high and honorable station of Worshipful Master."

The Goldman Woman.

Emma Goldman, from whom Col. Crow says he received the impulse to murder the President, is about 35 years old, the daughter of a Russian tailor. Without education, she was brought up in a hot-bed of anarchy, near Koon, in Russia. She came to this country seventeen years ago and married a man by the name of Gruenebaum, with whom she lived in Rochester. She deserted him after a year and a half and followed Louis Brandeis, an anarchist, to this city. Since then she has had many partners, disregard of the marriage tie being part of her doctrine. Assuming the name of Goldman, she joined an anarchistic group known as the Pioneers of Liberty. Her language was so violent that they expelled her. She associated herself later with the German anarchists and wrote signed articles for "Die Freiheit," John Most's paper. She quarreled with Most, and on December 13, 1892, lashed him with a whip as he was about to speak in Odd Fellows' Hall. Alexander Berkman, with whom she lived, shot Henry C. Frick at the Carnegie works. Both she and Berkman then joined the extreme wing of the anarchists. She made her name by speaking. She was arrested for inciting to riot in 1893 and served a year's term on Blackwell's Island. While there she began to study medicine and took a degree after her release. She left this city several months ago. She speaks several languages, but her tirades are merely denunciations of capital and laws of society, without logic or argument.—New York Herald.

Lack of Uniformity.

The traveled Mason realizes how entirely dissimilar is the ceremonial ritualism of the symbolic lodges of the United States. There are no two jurisdictions at present using the same ritual, and so much do they differ that the "bright" worker in one State could not, and hardly would attempt to "help out" in the degree work of another State. That this should not be the condition all Masons agree, but none can point the remedy, because there is not, and probably never will be, a general governing body of symbolic Masonry in this country. Referring to this subject Past Grand Master Daniel McDonald, Chairman of the Committee on Correspondence of Indiana says, in his last annual report:

"Within the tiled precincts of the lodges we have found more difference in the ceremonial ritual than in almost any other department of the order. Almost every jurisdiction wants a ritual peculiar to itself, and very few Grand Lodges ever succeed in arranging a work that is satisfactory, and so committees on ritual, and Grand Lecturers, are continually tinkering with it, making it utterly impossible that uniformity will ever be reached. If there is anything that should be the same everywhere it is the ritual. The work in every jurisdiction should be the same, and every Mason should be made exactly the same. Judging from what we have been able to observe of the ceremonies in some jurisdictions, it would be difficult for one to determine whether he was in a Masonic, Odd Fellows or Knights of Pythias Lodge.

The Yellow River is styled the "Sorrow of China." During the last century it has changed its source twenty-two times, and flows into the sea through a mouth 600 miles distant from that of 100 years ago. It is estimated that its floods in the present century have cost China 1100,000 lives.

A Shocking Calamity.

"Lately befell a railroad laborer," writes Dr. A. Kellel, of Willford, Ill. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by T. E. Paul.

The entire Democratic ticket for city offices of Nashville won a walk.

There is talk that Yerkes will go into the Cabinet when the shake-up comes.

Hon. D. G. Olson has been nominated by the Republicans to represent the Ninety-third district in the Kentucky Legislature.

Lorenzo Snow, the fifth President of the Mormon Church, died very suddenly at Salt Lake City, last Thursday. He was 87 years old.

The new President is sending out bids for vote-appointing some headed Democrats to office. That is all it means; nothing more.

Dr. Chas. A. Tatt, a negro, is making the race for the Legislature in the Fifth district, Louisville. It is said that he has quite a following.

After being actively in the service for forty years, Rear Admiral Schley went on the retired list last Wednesday. He is now sixty-two years of age.

The monthly crop report of the Commissioner of Agriculture shows a general improvement in crops in all parts of the State during September. The most marked advance was in tobacco. Late corn lost slightly.

Six men robbed the Harrodsburg post-office before day Saturday morning and made an attempt to enter the Mercer County National Bank, but were run off by two officers who opened fire upon them. The burglars returned the fire.

It is given out from Washington that President Roosevelt is very anxious to bring the warring Republican factions of Kentucky together. He takes the position that a house can not stand divided against itself, and may ask Ex-Gov. Bradley to assist him in bringing about a reconciliation.

Speaking about the importance of the coming election it is probably well enough to recall what will follow. A United States Senator, two Prison Commissioners and a State Librarian are to be elected. The new Legislature will be convened to redraft the State into Congressional, judicial and legislative districts, hence the politicians are very much interested in the completion of the next legislature. It is conceded that the House of Representatives will be Democratic by from 25 to 40 majority, while the Senate will be very close. There are 19 hold over Senators, seven Democrats and eleven Republicans. Harrel is a hold over, but it is not time to count him. He is a star performer and never acts until the boards are up.

Mr. Isaac A. Story, of Clinton county, is the Democratic candidate for the State Senate in this district, to be voted for at the November election. We publish his name in the Democratic ticket and commend him to the voters throughout the district as a gentleman worthy of their support and confidence. In the short time that remains between now and the election Mr. Story will be unable to see all the voters, but no Democrat should forget him on the day of the election. Mr. Story is well informed upon all the leading questions of the day, and should be selected as the State Senator from the counties of Adair, Cumberland, Clinton, Russell and Wayne he will look after the interests of the whole people.

Some business men, in order to give their places a little extra notoriety, are responsible to a great extent for crime. At least their actions are very encouraging to men who are given to perpetrating crimes. Cole and Jim Younger, the notorious bank robbers and murderers, who were recently released from the Minnesota Penitentiary, are holding good jobs in Stillwater, and their services are in demand. They were in Columbia in 1872, robbed the bank and murdered the cashier, Mr. R. A. C. Martin. Such men should not be encouraged, but when they are put behind the walls for life there they should remain.

Up to last Saturday night ten jurors in the Caleb Powers case, now on trial at Georgetown, had been accepted by both sides. A special venire of seventy-five men from Bourbon county were to arrive early Monday morning from which to select the other two jurors. It is safe to say that at this writing the taking of testimony has commenced, and the case will now be pushed to a finish. Judge Cantrell will hold court day and night in order that there may not be a mistrial. Powers did not want to go into trial and his attorneys fought hard for a continuance.

President Roosevelt has purchased three horses, a landau, a brougham and a victoria. The carriages and horses are expected to arrive at the Capital this week. They were obtained in New York through the President's brother-in-law, Douglas Robinson. The saddle horses of himself and wife are already in Washington. The Government horses are used by the Secretary to the President and other White House officials. All the horses and carriages belonging to the late President have been sent back to Canton.

The South Carolina Inter-State and West Indian Exposition will be held in the city of Charleston from December 1, 1901, to June 1, 1902. Hon. M. H. Rhorer, of Middleborough, is the Commissioner from Kentucky, and to him we are indebted for a magazine showing the grounds, buildings, etc. There is not a more suitable place for a mid winter exposition than Charleston and the city will be visited by thousands and thousands of people.

The next Kentucky Legislature will be the most important one held for years. The State is to be redistricted and a United States Senator is to be elected. From the knowledge we gather from papers all over the State the Democrats have a majority in the Legislature and will, of course, elect the next Senator. There are four announced candidates for Senator, and Charley Branstetter is pipping.

Mad Anna die de Bar, who is now being tried in London, England, for inciting young girls to ruin, is a daughter of Prof. J. C. Solomon, a music teacher. She was born in Harrodsburg, Ky. She went to ruin early in life, and at this time has an international reputation for meanness.

WHAT THE CENSUS SHOWS.

Washington, Oct. 11.—The final census report on the population by sex, general nativity and color of the several States and territories, was issued today. This last bulletin of the series covers the entire country. It shows that the male number 80,000,243 and constitute 57.2 per cent. of the total population in 1900, while the females number 87,244,145. There is a slightly larger proportion of females now than ten years ago.

There is a difference in favor of males at the present census of 1,815,007 as compared with an excess of males for the equivalent year in 1890 of 1,509,870. There has been an increase in total population of 13,238,631, or 21 per cent. since 1890, made up of 6,744,179 males and 6,494,452 females, representing an increase in males of 20.9 per cent. and females of 17.1 per cent.

There are 65,848,302 native-born persons and 10,400,085 foreign-born persons, the latter element constituting 18.7 per cent. of the total population in 1900, against 14.8 per cent. ten years ago. The foreign born show an absolute increase during the decade of 1,151,994, while the native born have increased in ten years 12,981,987.

As to color and race the population in 1900 is made up of 66,900,802 white persons and 9,812,585 colored persons, the latter figure comprising 8,840,789 persons of negro descent, 119,056 Chinese, 86,986 Japanese and 206,700 Indians. The corresponding figures for 1890 showed a total of 65,166,184 white persons, 7,488,788 persons of negro descent, 126,778 Chinese, 14,390 Japanese and 374,007 Indians.

The colored element constitutes 12.3 per cent. of the total population in 1900, as against 12.5 per cent. in 1890. The white population shows an increase since 1890 of 11,824,618, or 21.4 per cent., and the colored element as a whole of 1,400,013, or 17.8 per cent. There has been an increase during the past ten years in persons of negro descent of 1,852,001, or 18.1 per cent.

The native white element has increased 23.3 per cent., and the foreign whites only 12.3 per cent. Since 1890. The native white element of foreign parentage has increased relatively twice as fast as the native whites of native parentage.

The indications are that Hon. J. B. McCrory is far in the lead for United States Senator. There are four Democratic candidates and one of the four will succeed Dr. Deboe. While Mr. McCrory is the favorite at this time he should remember that a combination could knock him "higher than a kite," and there is always a disposition for the weak to combine against the strong. McCrory, however, has an eye to business and in all probability will be at the knocking.

The State Board of Valuation and Assessment has adopted a basis upon which the franchise valuation of the various life insurance companies doing business in Kentucky shall be determined. The decision will be contested by the attorneys for the companies, who will argue the matter before the board. The question as to whether the franchise law applies to the life insurance companies will be tested in the courts.

The monthly crop report of the Department of Agriculture shows that on October 1 the average condition of corn for the entire country was the lowest ever reported, being 52.1, as compared with 51.5 the mean of October averages for the past ten years. There was an improvement in the condition of tobacco during September, and on October 1 the condition was generally above the average.

The search by Ottoman troops for Miss Stone, the captured missionary, has been abandoned for fear she shall be killed. Arrangements are being made to pay the ransom demanded. A second appeal for money has been issued, as only half of the \$10,000 asked by the brigands has been subscribed.

Mr. J. A. Witter, a widow, living in Dayton Ohio, has been arrested, charged with murdering fourteen persons. The list includes four husbands, five children, one sister and four members of the different families. She has a mania for administering poison. Probably a jury will now put a stop to her pastime by breaking her neck.

The trial of Caleb Powers, charged with being implicated in the plot to murder Senator Guelch, is now on at Georgetown. The defense made a desperate effort for a continuance, but all motions were overruled and the trial began last Thursday night. It is a three week's term and the whole of it will be taken up in trying the case.

The census report on the population of the United States by sex, nativity and color, shows that the males outnumber the females by 1.2 per cent. During the last ten years the negro population has increased 18.1 per cent., and the foreign-born element has increased 12.4 per cent.

GRADYVILLE.

W. B. Rowe passed through here last Saturday enroute to Glasgow.

J. W. Walker, of Greensburg, was here one day last week.

Charley Murrell, representing The Adair County News was with our people last week.

Prof. J. H. Nell has been on the sick list.

Dr. Golden & Woodards, of Cammer, Occulist, spent one day in our city last week.

Mr. John Dohoney and family, passed through here last week enroute to Edmonston to attend the funeral of Garnett Beauchamp.

Rev. W. P. Gordon, of Columbia, spent one day here last week.

S. R. Walker and family, of Nell, visited the family of J. D. Walker Saturday night.

Remember next Saturday is the Teachers' Association here and all are expected to come up with their part of the work.

G. H. Nell was in Greensburg last week buying and shipping stock to the Louisville market.

H. A. Walker, sold a nice lot of cattle to J. P. Dohoney, of Cane Valley, to be delivered in November at \$4.

Mr. Sam Lewis and son, of Columbia, were here last week buying produce from our merchants.

H. A. Walker, bought of Arthur Bradshaw and son, five head of cattle for \$140.

The woods have been full of candidates for the past week and both parties claim they will win.

Gradyville has not by any means got all of the rough riders. If you could have attended church at Union a night or so, of last week you would have thought there are others added to the same.

G. T. Flowers and P. C. McCaffrey are attending the grand lodge at Louisville.

Mr. P. Corbin has a bible in his house that is 112 years old. Mr. Corbin informed us that the good old book of books had been well preserved and that it contains four or five more writings than later versions. It has been handed down for generations.

W. M. Wilmore and daughter Miss Clara, accompanied by Mrs. Helen Wilmore, are in Louisville. They are buying a Fall stock of goods for the firm of Wilmore & Moss.

The series of meetings that is conducted by Mrs. Woolsey at Union church is progressing nicely. There have been several professions and the church and community greatly revived. The mist has been cleared away as to the reality of women occupying the Sacred desk. We verily believe there are souls that can be reached through their preaching that can not be otherwise. We did them God speed wherever they go.

Stung By a Centipede.
Mrs. Thos. Saunders, Bluffton, Fla. was stung by a centipede. A doctor was sent for, but before he arrived some sensible friend sent a piece of brown paper with Morley's Wonderful Balm and applied it to the wound. The doctor said his services were not needed, for the poison was neutralized or killed by the Wonderful Balm. Mrs. S. did not suffer from the wound. Sold by agent in every town.

PORT HILL.

M. L. Shepherd and Squire Hopper, Sr., attended the fiscal court at Jamestown.

J. Bryan Stone, C. A. H. Hammond and R. F. Lawless were in our midst Oct. 10th.

Osteopathy.
Dr. A. C. Foster, a graduate of the Southern School of Osteopathy, is now located in Columbia for the practice of his profession. Osteopathy is comparatively new in this part of the State, but having been practiced in other parts of the United States for more than twenty years, I judge nearly every one has heard of its wonderful success with cases that heretofore have been incurable by other systems of healing. Osteopathy treats most all forms of chronic cases known to be curable, and some that were thought to be incurable before the days of Osteopathy. It has obtained a most enviable reputation in the treatment of fevers, most especially typhoid. Osteopathy bears no relation whatever to Christian Science. Magnetic healing or faith cure, but is scientific, being based upon thorough knowledge of the principles of anatomy and physiology.

Those who are suffering with diseases from which they can get no relief by the use of drugs, would do well to investigate the possibilities of Osteopathy in the cure of disease. Consultation and examination can be had free by calling upon

Dr. A. C. FOSTER.

Came Near Dying.
"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I would surely die and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely. I went to sleep and did not awake for eight hours. On awakening a few hours ago I felt so gratified that the first work I do on going to the office is to write to the man who made this remedy and offer them my grateful thanks and say, 'God bless you and the splendid medicine you make.' This remedy is for a life by M. Cravens.

Messrs J. N. Coffey and J. D. Hughes are in the Louisville market this week.

Mrs. Sam Allen and Mrs. Emily Burton paid this office a visit last Saturday.

Rev. J. P. Van Hoy, who is on the Glenflok work, was in Columbia Monday.

Edw. Wm. Wallace, son of Mrs. Amanda Wallace, this place, is visiting in Columbia.

Mr. E. L. Fesse and wife and Mr. J. H. Pelley, Pellyton, were in Columbia last Saturday.

Miss Fannie Smythe, who is teaching at Jamestown, spent last Saturday and Sunday at home.

Mr. Jas. Holladay, who has been afflicted with boils for several months, is rapidly recovering.

Prof. M. B. W. Granger attended Presbytery at Greensburg, and was Secretary of the meeting.

Mr. T. C. Davidson is in Georgetown, having been summoned as a witness for the defense in the Powers case.

Mr. J. P. Beard, who has been here and at Campbellville measuring lumber, returned to Monticello last week.

Mr. Lewis Triplett, who has been visiting in Campbellville for the past six weeks returned home last Tuesday.

Mr. B. M. Cheek, wife and daughter, Miss Menfies, were visiting relatives and friends in Columbia last Saturday and Sunday.

Dr. J. A. Dixon, wife and daughter, Miss Nora, are visiting relatives in Columbia, stopping at the residence of Mr. W. L. Walker.

Mr. Jesse Ewing, an attorney of Burkesville, was here last week, taking depositions. He was accompanied by Mr. Sam Young.

Mr. P. C. McCallister is representing Gradyville Lodge in the Grand Lodge this week, and W. L. Taylor is the representative from Glenflok Lodge.

Messrs. Henry Kemp and Geo. W. Ford; Messrs. Fannie Giddett and Sally Ray Marcum had a delightful grape and hickory hunt a few days ago.

Rev. T. F. Walton returned from a meeting of the Synod at Lebanon, last week. He also was present at the meeting of Presbytery at Greensburg.

Rev. Jesse L. Murrell, wife and little daughter left for Lebanon last week, carrying with them the best wishes of the people of this community.

Rev. W. B. Cave and Mr. Sam Lewis are in Louisville this week, the former representing Columbia Chapter, No. 7, R. A. M., and the latter Columbia Lodge, No. 96, F. & A. M.

Mr. W. G. Cundiff and wife left for Donna, Texas yesterday morning. Mr. Cundiff and wife are estimable young people and will engage in teaching in the "Lone Star" State.

Mr. F. S. Rosenbaum and wife, of Carroll county, Mo., reached Adair county last Wednesday. Mr. Rosenbaum left the Glenflok country nine years ago, and has lived at several different points in the west.

Mr. B. B. Cravens, who left Adair county forty years ago, and who has been living in Iowa all this time, is back on a visit. He is a brother of Mrs. Perry Hancock, Mrs. W. E. Hancock and Mrs. Fanny Pierce.

Judge J. R. Sampson, of Middleboro, reached Columbia last Thursday. Upon his return he was accompanied by his children who have been with their grandmother, Mrs. Mary Cravens, for the past eight months.

Mr. N. S. Mercer and daughter, Miss Nellie, who have been visiting in Perryville and other counties in Texas, returned home last Saturday. Mr. Mercer is well pleased with Texas, says it is the finest country upon earth. Crops this year, however, are short. There was but little wheat, no oats, corn very scarce and cotton short. Notwithstanding all this the price of grain here and upon goods are cheaper in Texas than they are in Kentucky.

LOCAL JOTTINGS.

Ed. Z. T. Williams held a series of meetings at Hillsville last week. The week before he preached at Cave City and three members were added to the church.

The figures in our market report, as to crops, are incorrect this week. Hogs dropped after the table was published. A local in this issue will give you the market prices.

Neal Ewing, a colored man who was overseeing Mr. R. F. Paul's farm, died last Wednesday night. He was honest in his dealings and respected by the white people in the neighborhood.

Circuit court will open at Jamestown Monday.—A representative of the news will be upon the public square, giving a body and will be in possession of this office an opportunity to see him.

Kemp & Young sell the best Fertilizers in the market. Come and get what you need. They will make you close prices on all grades. They guarantee the Horse Shoe Brand to be the best.

Mr. J. C. Muncie, of Edmonston, for Merit State's Attorney in this judicial district, and at present the committee of Metcalfe and Monroe counties for the Legislature, was critically ill at his home last week.

Quarterly meeting will be held at Cave Valley Saturday and Sunday, S. G. Shelley, the Presiding Elder, will be present and do the preaching. The fourth Saturday and Sunday quarterly meeting will be held at Breeding.

Mr. M. E. Tarter, who is well-known in Adair, is an independent candidate for family Attorney at May. He claims that he was petitioned to make the race by seven hundred voters. P. H. Tarter defeated him for the nomination in the primary.

Garnett Beauchamp, a nine year old son of Mr. and Mrs. John Beauchamp, of Edmonston, died last week. He was a victim of croup, and his father was in a loud howl when his death was in Adair and how to his parents.

Invitations are out to the marriage of Mr. Robt. H. Bumsacker to Miss Lula Thomas which will occur at the home of the bride Sunday, the 25th inst. The couple reside in the Cave Valley country and are quite popular with all the young people.

Egg, Laid and Ernest Woodbridge, two boys of Green county, quarreled over a base ball match. Life went to his home procured a shotgun and revolvers and shot at Woodbridge, striking away one side of his face and destroying one eye. Life is in jail.

Presbytery at Greensburg voted to give an additional five hundred dollars to the M. & P. High School, this place. The action of Presbytery will have to be ratified by the Board of Aid. Prof. Granger thinks the Board will cost the amount, but will give \$250 or \$300.

Miss Alice Mudd, of Greensburg, a young lady well-known to many residents of Columbia, has brought a \$20,000 suit against Joseph and James Cantrell for killing her father, Wm. Mudd. The shooting occurred upon the streets of Greensburg about three months ago.

We learn from Mr. George Suits that the stevedores in this place are not as busy as they were in the past. His company is dressing and aging as fast as possible and have shipped many thousand out of the country recently. They have yet a great deal of timber and are buying and getting out constantly.

Approaching Nuptials.

It is no longer a secret, and believing that the contracting parties are not averse to the information going to their numerous friends of town and those who are living in neighboring cities, we take pleasure in announcing the marriage of Mr. R. K. Young, a popular grocer of this place, to Miss Julia Smith, an accomplished and deserving daughter of Mr. Geo. Smith, who resides on Burkesville street.

The ceremony will take place at the Presbyterian church, this city, Tuesday, October 29, 1901, at the noon hour, and the rites will be solemnized by Rev. T. F. Walton, pastor of the intended bride.

The following young gentlemen have been selected as ushers: Curt McGee, Sallie Young, Henry Kemp, Frank Hill, Jo Coffey, Jr., and John N. Murrell, Jr.

The intended groom is a native of Cumberland county, but has been in business at Columbia several years and is a member of the firm, Kemp & Young, grocers. He is a young man of excellent habits, and has so conducted himself in our midst as to merit the esteem and friendship of the whole community.

The bride to be is a young lady of culture and social graces, and enables her to count every body in the community her personal friend.

In advance of the happy event this paper extends its best wishes to the young couple, trusting that they may live long and happy lives.

Andrew Jackson Odle was tried for bigamy at the recent term of the Monroe circuit court and given three years in the penitentiary. His two wives, one married in Monroe county, the other in Clay county, Tenn., and the presiding judge performed the ceremony were all present at the trial. Odle was seated upon the same bench, together with the children of the women and Odle is the man on trial. Odle is only twenty four years of age and the Judge Jones passed sentence on him head: "Odle, you are in the worst of any man in my knowing. Here you are with two wives, two sets of children and three years in the penitentiary in front of you. However, if you behave yourself well at Frankfort you will get two months off each year, and in two and a half years you can return and resume your industrious habit. You are young yet, and can carry ten or fifteen times before you are a middle aged man."

Mr. Reuben Dunbar, an old and highly respected citizen of Russell county, who has been doing a mercantile business at Horse Shoe Bottom for a third of a century, has been a great sufferer for several years. Fifteen years ago his eyesight began to fail, gradually growing worse, and for some time he has been totally blind and a victim of continuous pain in one of the lost eyes. His son, Mr. Jas. S. Dunbar, who is a wholesale merchant at Nashville, has persuaded his father to have the eye removed, and last Friday night he reached Columbia in company with Mrs. West and Col. Cullum, two of the physicians, who went to Russell county for the purpose of performing the operation. Dr. West and Col. Cullum are residents of Nashville. The former was a Confederate soldier, under Gen. Joe. H. Morgan, and was with his command at the light here and also at the Green River bridge.

Mr. Matthew Sullivan, a very poor man, who has a family has been severely afflicted for several weeks. Three or four of his children have been down with flux, the youngest one dying last week. The account of this is that Sullivan has been unable to leave his home, consequently it became necessary for his friends to aid him in securing family necessities. Thursday, Rev. W. B. Cave passed a paper around Monday morning and every body who could give contrived willingly. Mr. Sullivan is a man, of very straightened circumstances, but he is honest, and while he regrets that he present condition forces him to accept the aid of his neighbors, he most heartily appreciates their kindness.

Judge Jones and Commonwealth's Attorney Henry Aaron returned from Monroe county last Saturday afternoon. They report a very dull court at Tompkinsville. No important Commonwealth cases tried and but few civil suits adjusted. On their return they stopped at Edmonston and called to see Hon. J. C. Muncie, who has been quite sick for several weeks. They report him in a very critical condition. From what they learned from him he is fearfully afflicted with complicated diseases. They advised him that if it was so he could travel to go to Louisville and get a consultation with the best and under the treatment of scientific physicians.

Miss Margaret Hubbard, a young lady who lived in the Carmel neighborhood died last Saturday. She was a victim of consumption, and had been confined to her room for quite awhile. She was a member of the Methodist church and was highly respected for her Christian piety. The funeral services were conducted by Rev. W. G. Gordon Sunday afternoon and the interment was at Carmel church.

Mr. Woolley, the lady preacher who is conducting a series of meetings at Union, continues to draw large congregations. Quite a number from town attended the services last Sunday and were well pleased with the discourse. It is said that the church has been greatly revived and many new members have been added to the membership.

Strayed, from our premises one buck sheep. Any information will be gladly received.

Considerable frost here yesterday morning.

The election comes on the 5th of November.

Coffey Bros. have bought ten horses in the last few days, ranging in price from \$60.00 to \$135. They sold to Mackie & Brown, Lebanon, two nice harness horses for \$300. They also sold A. Huns a saddle horse for \$115.

Hogs have been steadily on the decline for the past week. In the Louisville and Cincinnati markets they have dropped from \$7.30 to \$6.15. Cattle remain about the same as last week, \$4.75 to \$5.00 for choice shipping; light shipping \$4.50 to \$4.65.

An infant child of Mr. Matthew Sullivan, who lives on Mr. J. N. Murrell's farm, died with flux one day last week. Two other children have been down with the disease, but they are improving. Mr. Sullivan is a very poor man and this affliction falls heavily upon him.

An observer says that when a pretty girl puts a flower on a young man's coat she invariably tells him chin up, looks at the side ways, and then says how fast to tumble then he had better stay in doors when a funeral procession is passing, as he might get run over by the hearse.

The docket for the coming term of the Russell Circuit Court is about up to the average. Mr. T. B. Morrison, the vigilant sheriff, is up with his business as has been his custom ever since he has been in office. Judge Jones has organized the court in the forenoon next Monday and will give the afternoon to the candidates who will talk for votes.

A majority of the school teachers of Adair county, were in Columbia last Saturday, it being pay day. We had an opportunity of seeing the most of them and a finer body of young people could not be gotten together. The young ladies are especially attractive, intelligent, modest, the young men sober, gallant and industrious. Adair county is proud of her teachers.

Last Sunday we visited the city cemetery and took a walk in the excellent condition. It has recently been cleared off and all the head and foot stones that had fallen down are now replaced, showing that the citizens of Columbia have not forgotten their dead. Pots of flowers were in a number of lots and here and there bushes were in full bloom.

A difficulty occurred last Sunday afternoon, near Mitchellville, between Alfred Bailey and Luther Curry, resulting in the former getting his throat cut from ear to ear. A runner was immediately dispatched for Dr. J. J. Boxer, who arrived upon the scene in time to save Bailey's life. It is not known here the cause of the trouble, but the supposition that old man Alcohol was the prime mover. Alcohol is like the footstool, dangerous to foot with.

Dr. West, of Nashville, Tenn., and Dr. J. H. Grady, of this place, met at the Marmon Hotel last Sunday after supper and spent two or three hours very pleasantly talking over events of the war. They are both ex-Confederate soldiers and served under Gen. Joe. H. Morgan. They were not in the same regiment, but many incidents mentioned were familiar to them both, making their meeting exceedingly pleasant.

Dr. Cullum and West, of Nashville, were very successful in removing an eye for Mr. Reuben Dunbar, Russell county. The operation was performed last Saturday, the doctors reaching Columbia on their return Sunday afternoon. They left their patient in the hospital and resting easy. Mr. Dunbar is 52 years old and has been a great sufferer for several years with his eyes. He is now totally blind but his general health is good.

A farmer, speaking of how much corn loss in curing, says that it varies according to the condition of the grain when put in the shocks. Cows have been known in which corn lost 20 per cent. from shrinkage, the grain being damp. From 8 to 12 per cent in the average, the shrinkage depending upon so many circumstances as to make an exact estimate very difficult, but the rule is to allow 10 per cent. From the above farmers can readily see that their corn should be perfectly dry when cribbed.

The following is from the Elizabethtown News, and we endorse every word of it: "Don't deal with the traveling sales of goods of any description. Stick to your home merchants. He contributes toward the upbuilding of your city, he backs every enterprise that will add to the value of your property. Never mind the honeyed words of city traffickers. Their prices are no lower than home dealers and the quality of goods are inferior to those found in home stores. Don't deal with unknown and unreliable peddlers that swing between points and stop at none. Don't be a chump."

People of Russell are living in anticipation of the county developing into a great oil field. A company is now boring at or near Creelsboro and should oil be found wells will be dug down all over the county. While boring has not commenced in Adair county there is no less interest, many believing that oil can be found here in paying quantities. Oil has been found at Adair at several different places, small lots, and it is generally believed that drilling could have been struck if the grubs had been deeper. The company that would nearly all the lease in this county state they will begin work here during the coming year.

J. W. Huns, Sheriff.

There are various ways of courting girls and some young men have tried them all, never at any time reaching the suburbs of the girls' affections. A married gentleman, one who tried all known ways to ingratiate into good graces, says the most effective way is this: If you love a girl occasionally give her a rest, do not see her too often and never do see her take up time to topics and discuss them. Give her to understand in a sensible way that she is the one altogether lovely to you, and never let her see you when you are in the mood to see her. Get her perfectly interested in what you are saying, then bid her good night. She will be sure to want to see you when you call again.

Columbia is fast spreading out and it is very evident new streets will have to be opened. There are a number of lots that could be readily sold were they opened. For years nearly all the building has been upon the four principal streets, but the lots along these avenues have all been taken, and residences are now going up on the back streets. Several of these avenues could be made desirable streets upon which to live if they could be made wider, and there are a few that could be extended in width if property holders would sell off strips to the town. The town is growing and something will have to be done.

There will be preaching next Sunday at the following places: T. F. Walton, Ebenezer; W. S. Dudgeon, Pike school-house; Z. T. Williams, Creelsboro; W. B. Giddings, Union; F. C. Shearer, Mt. Pleasant; F. Beach, Price's creek; T. Huffaker, Pleasant Hill; W. P. Gordon, Cave Valley; T. L. Hulise, Kiro; W. B. Cave, this city.

Dr. Kelsey, of Elkboro, was here a few days.

All of the cases of typhoid fever are improving except Joe Ellis and Jas. F. Pelley, who are very low.

Mrs. Mollie Fertion, of Little Rock, Ark., is visiting her sister, Mrs. J. M. Campbell.

Chas. Campbell and wife were visiting the latter's parents at Nashville on Saturday night.

Rev. T. J. Ellis, of Casey county, will preach here the second Sunday.

Rev. Bowles will for us this year. He preaches every third Saturday night and Sunday in each month.

See What You Like.

When you take Morley's Liver and Kidney Cordial, for then, dyspepsia, indigestion, heartburn, neuralgia, dizziness and the long train of minor troubles will disappear and your cleansed and awakened system will demand food. Sound digestion and sound appetite go together, and both follow the use of this tried remedy. Ask your druggist.

TENNESSEE RIDGE.

Democracy is on the boom. Ed Mitchell has left for Illinois. Mr. May was elected Special trustee in the Barnett's Creek district. Ray Hurt reports that he has accepted a position with a Louisville grocery house.

Postmaster Beard has returned from Louisville much improved in health. Revs. Austin and Cooper, two pioneer ministers, were visiting in this section last week.

Roy and Coy, twin sons of Mr. Jas. Martin are improving. They are the finest pair of twin Democratic boys in the county.

Barnett's Creek School will organize a literary society next Saturday night. Messrs. Conover and Miller were in this part of the county with a small search light last week.

Messrs. J. P. Dohney, Sr., candidate for County Judge, and S. L. Mitchell for jailer were in this neck of the woods a few days ago, looking after their interests. We can't imagine what "Str." after Mr. Dohney's name stands for unless it is searcher with a big S. If it does it is very appropriate, as it is a great searcher for votes, but he don't need a search warrant to find them.

Persons who have promised to haul us some more plow horses in a few loads. We want it cut eighteen inches in length.
